- i. Total budgetary provision with respect to Remediation plan and Natural &Community resource Augmentation plan is rupees 62,45,000/-. Therefore, project proponent shall be required to submit a bank guarantee of an amount of Rupees 62,45,000/- towards Remediation plan and Natural and Community Resource Augmentation plan with the SPCB prior to the grant of EC.-
 - a. Submitted a bank guarantee of an amount of Rupees 62,45,000/- as per Remediation plan and Natural and Community Resource Augmentation plan to SPCB
- ii. Remediation plan shall be completed in 3 years whereas bank guarantee shall be for 5 years. The bank guarantee shall be released after successful implementation of the EMP, followed by recommendations of the EAC and approval of the regulatory authority.

- a. For the successful implementation of the project Separate staff is appointed and all the work should be carried out as per the direction of local Govt. authorities
- iii. The PP shall submit the proof of credible action taken by the concerned state government/ state pollution control board under the provisions of the section 19 of the Environment Protection Act 1986 to the MoEF&CC- Noted and complied.
- iv. Fund allocation for Corporate Environment Responsibility (CER) of Rs. 1.922 crores (2% of project cost). Noted and complied
- v. Approval/permission of the CGWA/SGWA shall be obtained before drawing ground water for the project activities. State Pollution Control Board (SPCB) concerned shall not issue Consent to Operate (CTO) till the project proponent obtains such permission.- Noted and complied.
- vi. The PP shall construct rain water storage tank of capacity 2,200 KL (equivalent to 11 days of daily fresh water requirement).

Constructed rain water storage tank of capacity 2,200 KL- constructed drain water storage tank of capacity 2,200 KL (equivalent to 11 days of daily fresh water requirement)

2. General conditions

1.	The project authorities shall adhere to the stipulations made by the State Pollution Control Board, Central Pollution Control Board, State Government and any other statutory authority	The project is carried out as per the stipulations made by State Pollution Control Board, Central Pollution Control Board, State Government and other statutory authority
2.	No further expansion or modifications in the plant shall be carried out without prior approval of the Ministry of Environment, Forest and Climate Change. In case of deviations or alterations in the project proposal from those submitted to this Ministry for clearance, a fresh reference shall be made to the Ministry to assess the adequacy of conditions imposed and to add additional environmental protection measures required, if any.	Not conducted any further expansion or modifications
3	The locations of ambient air quality monitoring stations shall be decided in consultation with the State Pollution Control Board (SPCB) and it shall be ensured that at least one station each is installed in the upwind and downwind direction as well as where maximum ground level concentrations are anticipated.	Two locations are selected as per the direction, in two sensitive areas of Kadapara grama panchayath and air quality monitoring were carried out by Std Laboratories, Ernakulam, details are annexed in annexure no-4
4	The National Ambient Air Quality Emission Standards issued by the Ministry vide G.S.R. No. 826(E) dated 16 ^{*h} November, 2009 shall be followed.	Following the Standards of Natioanal Ambient Air quality Standards issued by the Ministry vide G.S.R. No. 826(E) dated 16 ^{*h}

		November, 2009
6	The Company shall harvest rainwater from the roof tops of the buildings and storm water drains to recharge the ground water and use the same water for the process activities of the project to conserve freshwater.	constructed rain water storage tank of capacity 2,200 KL- and also constructed rain water storage tank of capacity 2,200 KL (equivalent to 11 days of daily fresh water requirement
7	Training shall be imparted to all employees on safety and health aspects of chemicals handling. Pre-employment and routine periodical medical examinations for all employees shall be undertaken on regular basis. Training to all employees on handling of chemicals shall be imparted.	Training is carried out to all employees on safety and health aspects of chemicals handling.
8	The company shall also comply with all the environmental protection measures and safeguards proposed in the documents submitted to the Ministry. All the recommendations made in the EIA/EMP in respect of environmental management, and risk mitigation measures relating to the project shall be implemented	The hospital is working with all the environmental protection measures and safeguards proposed in the documents submitted to the Ministry. All the recommendations made in the EIA/EMP in respect of environmental management, and risk mitigation measures relating to the project is in the implementation stage
9	The company shall undertake all relevant measures for improving the socio- economic conditions of the surrounding area. ESC activities shall be undertaken by involving local villages and administration.	ESC activities are carried out as per the direction of local village and administration
10	The company shall undertake eco- developmental measures including community welfare measures in the project area for the overall improvement of the environment.	Activities are in progress for the improvement of eco-developmental measures including community welfare measures in the project area for the overall improvement of the environment
11	A separate Environmental Management Cell equipped with full fledged laboratory facilities shall be set up to carry out the Environmental Management and Monitoring functions.	Constituted a separate Environmental Management Cell and appointed a staff for implementation of the project

12	The company shall earmark sufficient funds towards capital cost and recurring cost per annum to implement the conditions stipulated by the Ministry of Environment, Forest and Climate Change as well as the State Government along with the implementation schedule for all the conditions stipulated herein. The funds so earmarked for environment management/ pollution control measures shall not be diverted for any other purpose.	Noted and complied
13	A copy of the clearance letter shall be sent by the project proponent to concerned Panchayath, Zilla Parishad/Municipal Corporation, Urban local Body and the local NGO, if any, from whom suggestions/ representations, if any, were received while processing the proposal.	Noted and complied
14	The project proponent shall also submit six monthly reports on the status of compliance of the stipulated Environmental Clearance conditions including results of monitored data (both in hard copies as well as by e-mail) to the respective Regional Office of MoEF&CC, the respective Zonal Office of CPCB and SPCB. A copy of Environmental Clearance and six monthly compliance status reports shall be posted on the website of the company.	First, Second, Third, Fourth and Fifth compliance reports for the months from April to September 2019, October 2019-March,2020, April to September 2020, October 2020 to March2021, April to September 2021 were uploaded in CPCB,,SPCB, Parivesh portal and also in website of the company.
15	The environmental statement for each financial year ending 31st March in Form-V as is mandated shall be submitted to the concerned State Pollution Control Board as prescribed under the Environment (Protection) Rules, 1986, as amended subsequently, shall also be put on the website of the company along with the status of compliance of environmental clearance conditions and shall also be sent to the respective Regional Offices of MoEF&CC by e-mail.	Noted and complied, details are annexed in Annexure No-14
16	The project proponent shall inform the public that the project has been accorded environmental clearance by the Ministry and copies of the clearance letter are available with the SPCB/Committee and may also be seen at Website of the Ministry at http://moef.nic.in . This shall be advertised within seven days from the date of issue of the clearance letter, at least in two local newspapers that are widely circulated in the region of which one shall be in the vernacular language of the locality concerned and a copy of the same shall be forwarded to the concerned Regional Office of the Ministry.	Advertised news in daily news papers like Malayala Manorama, Mathrubhumi, and in Hindu regarding environmental clearance by the Ministry and copies of the clearance letter are available with the SPCB/Committee and may also be seen at Website of the Ministry at http://moef.nic.in . details are annexed in Annexure No-15

17	The project authorities shall inform the Regional Office as well as the Ministry, the date of financial closure and final approval of the project by the concerned authorities and the date of start of the project.	Noted and complied

1.3.3. Setting up of an STP of 5 KLD capacity

MoEF Activity: Rs. 5, 50,000 on setting up of an STP of 5 KLD capacity.

Place: Nursing College Campus

Location coordinates:

Amount spent : R s. 15,000,00/-

Address of Acknowledging Authority :Principal

Activity executed: The Nursing college campus, parumala, requires a huge amount of water for different purposes like cleaning, gardening etc. So to fulfil the demand for water, we work on the treatment and reuse of wastewater generated in college campus and hostels. Thus it reduces the load over fresh water and to reduce the demand for freshwater, treatment is required for wastewater and then it is utilized. The wastewater treatment process is designed to achieve improvements in the quality of wastewater. Wastewater treatment is closely related to the standards and expectations set for effluent quality.. The total domestic waste water (sewage) generated from the project estimated is 50 KLD. The internal sewage collect the sewage from all units and flow by gravity to the sewage treatment plant which is operated 24 hrs with automated system as shown in fig.....

1.3.4. MoEF activity: Construction of Storm water drainage in the nearby areas

Place: Arikkappuram, Parumala

Location coordinates:

Deposit amount : 1,00,000/-

Amount spent: 98,200/-

Activity executed: According to farmers, near Arikkappuram Paddy field, they are facing the problem of increased flow in the irrigation system because the rainwater drainage has resulted in congestion of the fields. Hence the drainage of storm water realized by channeling the natural drainage of rainwater from agricultural fields, flooded fields and residential areas near

Initial condition of Arikkapuram paddy field.

2.3.2. Construction of Bio gas plant

Place: College of Nursing,Parumala

Location coordinates:

Deposit amount :4,00,000/-

Amount spent- 3,58,400/-

Address of authority-

Activity executed: The biogas released acts as an environmentally sustainable energy source. The establishment of biogas creates an organic processing facility to generate biogas which will be more cost effective, eco-friendly and can be utilize for the renewable energy. In College campus large amount of food waste generated .which can be used for production of biogas. Hence Fixed Dom Biogas plant with 150 kg solid waste /day was installed at Nursing college campus. The biogas plant serves as the dual purpose of processing the waste and providing cooking gas for around five hours for the hostel mess. Apart from providing cooking gas, the slurry from the plant can be used as manure for the plants and garden maintained at the campus. The bio gas plant was inaugurated by *H.G. Dr. Yuhanon Mar Chrisostomos Metropolitan* and *Fr.M.C.Paulose,CEO,Parumala hospital*. Photos and certificate of completion enclosed below

It is happy to learn that St. Gregorios International Cancer Care Centre, Parumala is rendering scholarship scheme to the outstanding students as a part of Environmental Clearance Community Resource Augmentation plan and budgetary provisions 2020-21.

It's my pleasure to recommend Kumari Asha Anna Mathew who scored A1 in class X A1SSCE 2019-20 under CBSE Board. She not only excels academically but has shown great potential as an overall performer in co-scholastic areas too. I have great love and respect for her and truly believe that she is a deserving candidate for the same. I earnestly request you to consider her for this scholarship.
